## **Classroom Observing**

Parents have the right to visit their child's classroom to observe activities. The time and date of the visitation needs to be arranged in advance with the school.

## **Volunteering**

Parents have the right to volunteer their time and resources for the improvement of school facilities and programs. Parents should contact the school to determine the terms and conditions of this service.

## **Student Attendance**

Parents have the right to be notified in a timely manner if their child is absent from school without permission.

## **Student Testing**

Parents have the right to be notified of their child's performance on standardized and statewide tests and the school's ranking on these tests. (Under other state law, parents may request that their child not participate in the statewide tests.)

## **School Selection**

Parents have the right to request that their child be enrolled in any school in the district. The district is not compelled to grant the request.

## **Safe School Environment**

Parents have the right and are entitled to the assurance of a safe and supportive learning environment for their child.

## **Curriculum Materials**

Parents have the right to examine the curriculum materials of the class or classes in which their child is enrolled.

## **Student Academic Progress**

Parents have the right to be informed of their child's academic progress in school and of the persons to contact if they wish more information or assistance with their child.

## **Student Retention**

Parents have the right to be notified as early in the school year as practicable if their child is identified as being at risk of retention and of their right to consult with school personnel responsible for a decision to promote or retain their child. Parents also have the right to appeal such a decision.

### **Student Records**

Parents have the right to access their child's records and to question anything they feel is inaccurate or misleading or an invasion of privacy. Parents have the right to a timely response from the school district about their questions.

### **Standards**

Parents have the right to receive information regarding the academic standards their child is expected to meet.

### **School Rules**

Parents have the right to receive written notification of school rules, attendance policies, dress codes, and procedures for school visitations.

### **Psychological Testing**

Parents have the right to receive information on all psychological testing recommended for their child.

### **Family Involvement**

In a democracy, parents and guardians are encouraged and welcomed to become involved in the formal education of their children enrolled in public schools. This early and consistent parental involvement helps children do well academically. When this involvement is combined with a partnership between home and school, the student, the school, and the community benefit.

Parents and guardians of enrolled students have the right to be included in the educational process and to have access to the system on behalf of their children. These rights are outlined in Chapter 864, Statutes of 1998:

- \* Classroom observing
- \* Teacher Conferencing
- \* Volunteering
- \* Student attendance
- \* Student testing
- \* School selection
- \* Safe school environment
- \* Curriculum materials
- \* Student academic progress
- \* Student retention
- \* Student records
- \* Standards
- \* School rules
- \* Psychological testing
- \* Home life
- \* Councils and committees
- \* Policy development

Education Code Section 51101(c) notes: "This section may not be construed so as to authorize a school to inform a parent or guardian...or to permit participation by a parent or guardian in the education of a child, if it conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction." (Chapter 864, Statutes of 1998)

### **Home Life**

Parents have the right to refuse to submit or to participate in any assessment, analysis, evaluation or monitoring of the quality or character of the student's home life, any form of parental screening or testing, any nonacademic home-based counseling program, parent training, or any prescribed family education service plan and to inspect any survey collecting personal information.

### **Councils and Committees**

Parents have the right to participate as a member of a parent advisory committee, school-site council, or site-based management leadership team in accordance with established rules and regulations for membership. Parents also have the right to attend at least two meetings per year scheduled by the school to get information on school issues and activities.

### **Policy Development**

Parents and guardians have the right and should be given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed. The governing board of each school district shall adopt a jointly created policy that outlines how parents and guardians, school staff, and students may share the responsibility for the intellectual, physical, emotional, social development, and well-being of their students.

This policy shall include, but is not limited to:

- How parents/guardians and the school will help students to achieve academic and other standards.
  - How the school will provide high-quality curriculum and instruction in a supportive learning environment to all students enrolled.
3. What parents and guardians can do to support their child's learning environment, including but not limited to:
- Monitoring school attendance
  - Monitoring homework completion
  - Encouraging participation in extracurricular activities
  - Monitoring and regulating television viewing
  - Planning and participating in activities at home supportive of classroom activities

- Volunteering at school
- Participating in decision-making processes at school

### **English Learners**

In addition to the rights listed above, parents/guardians of English Learners have additional rights, which include:

- English Language Testing: The right to receive the results of their child's performance on the English language development test.
- Literacy: The use of surplus or undistributed materials made available from the district to support their child's advancement toward literacy
- To be informed, through the School Accountability Report Card, about statewide and local academic standards, testing programs, accountability measures and school improvement efforts
- The right to participate in school and district advisory bodies, in accordance with federal state law and regulations.

### **Parent Responsibilities**

Parents/guardians may support the learning environment of their children by:

1. Monitoring attendance of their children
2. Ensuring that homework is completed and turned in on time
3. Encouraging their children to participate in extracurricular and co-curricular activities
4. Monitoring and regulating the television viewed by their children.
5. Working with their children at home in learning activities that extend the classroom learning
6. Volunteering in their children's classroom(s) or for other school activities
7. Participating in decisions related to the education of their own children or the total school program as appropriate

### **Resources and Information**

### **Beyond High School**

Students and parents have the right to be informed of college entrance requirements. It is critically important to know how to assist those students who choose to pursue a college education. Students and parents need to know the series of college preparatory classes to take in high school. Students must obtain a C or higher grade for the University to accept the class. The minimum requirements vary, depending on the selected college or university. The A-G requirements noted below are submitted by the Regents of the University of California and are, generally, the most rigorous:

- A. A college prep English class every semester of every year for four years
- B. A mathematics class every semester of every year for three years, including algebra and geometry. Four years is recommended
- C. Two years of a laboratory science to include biology, chemistry, and physics. Three years is recommended
- D. Two years of history-social science which are to include U.S. History or U.S. Government, World Cultures and Geography
- E. Two years of the same language other than English
- F. One year of visual and performing arts
- G. One year of college preparatory electives in addition to those required in A-F above.

To gain admission to college, students must also take and submit scores from either the Scholastic Aptitude Test (SAT) or the American College Test (ACT). In addition, the UC system requires the SAT II (subject area tests). Your child's high school counseling office can provide the testing dates and locations, as well as, requirements for specific colleges.

August 2017

Dear Parents/Guardians:

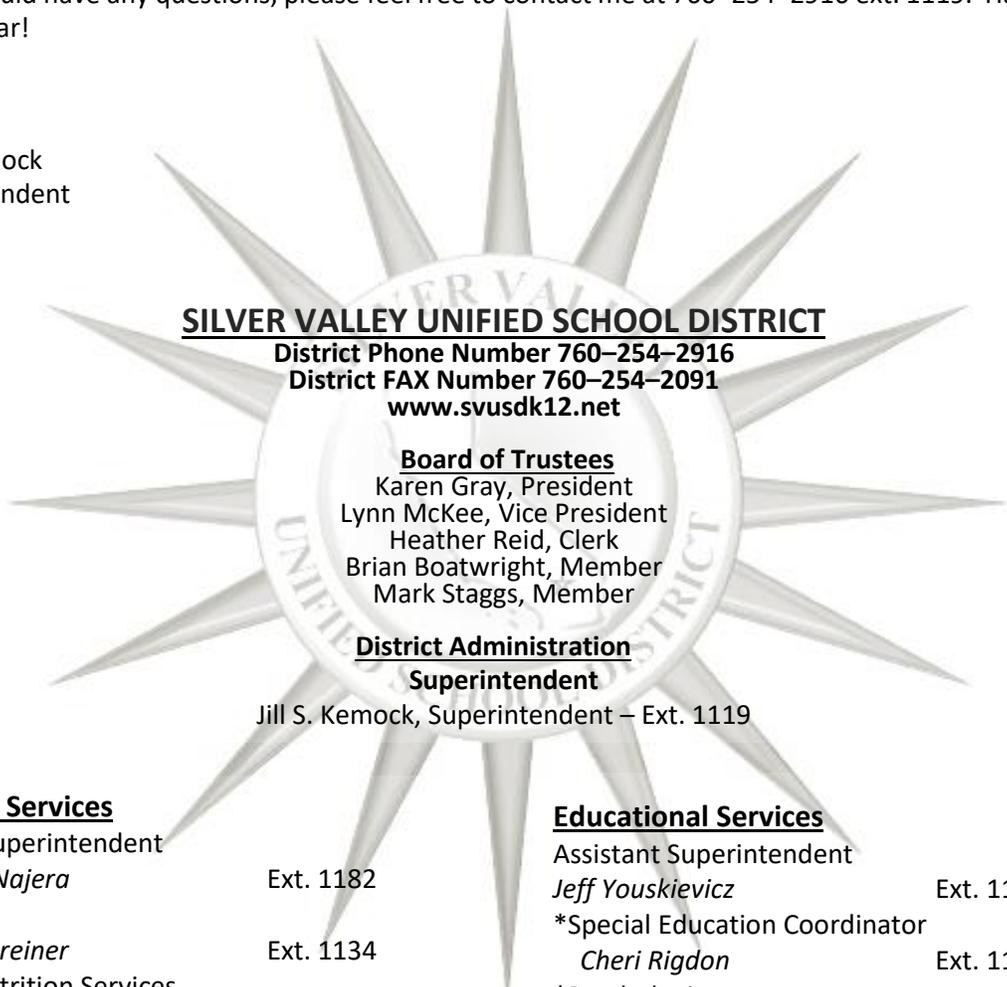

On behalf of the Board of Trustees, district and site staffs, welcome to the 2017 – 18 school year. The following information has been assembled in an effort to help you learn more about our district, and most importantly, the school that your child will attend.

Please carefully review all of the materials in this packet. There is obviously a great deal of information, but your familiarity with it should help you and your child as you learn more about our schools and district policy. The same set of materials will be provided to all principals and available to all teaching staff.

If you should have any questions, please feel free to contact me at 760–254–2916 ext. 1119. Have a great school year!

Sincerely,

Jill S. Kemock

**ATTENDANCE/ENROLLMENT**

**Importance of Regular Attendance** – Public school districts in California receive their funding from the state of California based on the actual number of students who are present for classes, not on the district's enrollment. Districts are not paid for students who are absent, no matter whether an absence is excused or unexcused. Silver Valley Unified School District urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. The district also asks that travel or other absences be avoided during the time school is in session. The higher the district's daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families who plan vacations around traditional holiday periods, and thereby minimize student absences.

Following an absence, a student is required to bring a written excuse or parent phone call from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Children should not be sent to school when they are not feeling well. Absences without a written excuse or phone call are recorded as unexcused.

If it is necessary for parents to keep their children out of school for five days or more to travel or attend some special event, the district requests that an independent study agreement be set up between the child and the teacher. The agreement provides children with lessons and activities to complete while away from school and helps to ensure that the students do not fall behind in their studies. The study agreement is given to the child and should be returned to the classroom teacher upon completion. Parents should provide the teacher with at least 48 hours' notice prior to a child's unavoidable absence from school for reasons other than illnesses.

**Excused Absences** – No pupil shall have his or her grade reduced or lose academic credit for any excused absence or absences, if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

(a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to his or her illness.
  2. Due to quarantine under the direction of a county or city health officer.
  3. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
  4. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
  5. For the purpose of jury duty in the manner provided for by law.
  6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
  7. For justifiable personal reasons, including, but not limited to, a student's appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, or attendance at an employment conference, when the pupil's absence has been requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
  8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
  9. Prior Principal approval for employment conference.
  10. Employment in the Entertainment Industry for a maximum of up to five absences per school year.
  11. Observance of a religious holiday or ceremony.
  12. Religious retreat (limited to four hours per semester)
  13. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services (as defined in EC No. 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
  14. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
  15. Prior Principal approval for reasons, which may not be included elsewhere, but are pursuant to uniform standards established by the Governing Board.
- (b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of any class from which a pupil is absent shall determine the tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- (c) For purposes of this section, attendance at religious retreats shall not exceed four days per semester.
- (d) Absences pursuant to this section are deemed to be absences in computing average daily attendance

and shall not generate state apportionment payments.

- (e) "Immediate family" as used in this section, has the same meaning as that set forth in Education Code Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." Immediate family is defined as mother, father, grandmother, grandfather, spouse, son/son-in-law, daughter/daughter-in-law, brother, sister, or any relative living in the student's immediate household. (E.C. 48205)

Students that are absent an excessive number of days for acceptable/excused absence may be referred to the School Attendance Review Board. (SARB)

**Tardiness** – Children should be encouraged to be prompt as part of their training. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. Frequent tardiness without a valid excuse is considered truancy under state law.

**Truancies/School Attendance Review Board (SARB)** – Any student who is absent from school without valid excuse three (3) days or tardy in excess of 30 minutes on each of three (3) days is truant (E.C. 48260). After a student has been reported as a truant three or more times in a school year, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the school days in one school year, from the date of enrollment to the current date, is considered a chronic truant. A notice will be sent to parents after 3 truancies, as well as contact from the District Attorney's Office. Any further truancies after that will result in additional letters from the school as well as contact from the District Probation Officer. Parents will also be required to sign a contract with the school. If a student violates that contract and continues to be truant, they will be referred to the SVUSD School Attendance Review Board for appropriate action. Parents or guardians of students who are found to be truant are subject to criminal complaint and may be prosecuted. Please be sure you have contacted your child's school office when your child is absent so they are not marked truant. (E.C. 48292) The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from/her home and who is absent from school without valid excuse within the county, city, or school district.

**Compulsory Enrollment** – Each person between the ages of six (6) and eighteen (18) years, not exempted under the provisions of California Education Code 48200, is subject to compulsory full-time education. Parents shall be required to furnish documentary evidence (birth certificate, baptismal certificate, passport of affidavit of birth) of the birth date of the child at the time of enrollment. Enrollment of students not living with a parent or legal guardian must complete a Caregiver's Authorization Affidavit. This form is available from the principal's office

**Confidential Medical Service** – Education Code 46010.1 requires pupils in grades 7 through 12 and all parents to be notified that the law permits school authorities to excuse pupils in grades 7 through 12 to obtain confidential medical services without consent of the parent.

**Enrollment Options** – A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located.

A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: 1) Placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; 2) A pupil who is a foster child who remains in his or her school of origin; 3) An emancipated pupil who resides within the boundaries of the school district; 4) A pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; or 5) A pupil residing in a state hospital located within the boundaries of the school district.

Parents have two options for their children to attend a school other than within the boundaries of the school their child would normally attend: Following is a description of these choices.

### **1. Intradistrict Transfers**

The law requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parent/guardian lives in the district on a space available basis. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased", which generally means students must be selected through a lottery process rather than on a first come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances

among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.

A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions. Transportation to any other school is the responsibility of the parent.

- Information on each school within the District is provided on the School Accountability Report Card which can be found on the District website at [www.svusdk12.net](http://www.svusdk12.net). Intradistrict Transfer forms are obtained from the school of residence.

If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.

**Intradistrict Open Enrollment** – Residents of the School District may apply to other schools within the District for their child to attend on a space available basis. Information on each school within the District is provided on the School Accountability Report Card which can be found on the District website at [www.svusdk12.net](http://www.svusdk12.net). Transportation to any other school is the responsibility of the parent. Intradistrict Transfer forms are obtained from the school of residence.

## **2. Interdistrict Transfers**

The parent or legal guardian of a pupil may seek release from the home district to attend a school in any other school district. The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an inter-district transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled. All transfers are granted on a space availability basis. The law on inter-district transfers provides for the following:

- 1) Both the school district a parent/guardian is requesting a transfer to and the one a parent/guardian is transferring from must take into consideration the child care needs of the student. If the transfer is approved based on child care needs, the student may be allowed to stay in the new district or the high school district to which it feeds through the 12<sup>th</sup> grade, subject to certain conditions.
  - If either district denies a transfer request, a parent/guardian may appeal that decision to the County Board of Education. There are specified timelines in the law for filing an appeal and for the County Board of Education to make a decision.
  - No district is required to provide transportation to a student to transfers into the district.
- 2) The law provides that if one or both parents/guardians of a student are physically employed in the boundaries of a school district other than the one in which they live for a minimum of 10 hours per week, the student may be considered a resident of the school district in which his/her parents or guardians work. In addition, residency is established when a pupil's parent or legal guardian resides outside of the boundaries of that school district but is employed and lives with the pupil at the place of his or her employment within the boundaries of the school district for a minimum of 3 days during the school week. This code section does not require that a school district automatically accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of the EC 48204 include:
  - Either the district in which the parent/guardian lives or the district in which the parent/guardian works may prohibit the transfer if it is determined that there would be a negative impact on it.
  - The district in which the parent/guardian works may reject a transfer if it determines that the cost of educating the student would be more than the amount of government funds the district would receive for educating the student. This limitation might particularly apply to any special needs student that would require extra services from the district for which the district believes the state aid it would receive would not fully pay.
  - There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
  - There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent/guardian the specific reasons for denying the transfer.
- 3) A pupil who has been determined by personnel of either the home or receiving district to have been the victim of an act of bullying, as defined in EC 48900®, shall, at the request of the parent or legal guardian, be given priority for interdistrict attendance under any existing agreement

or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement.

Interdistrict Transfer forms may be obtained from the Superintendent's Office, while the Intradistrict Transfer forms are obtained from the school of residence. (E.C. 48980)

### **3. Open Enrollment Act**

Whenever a student is attending a school on the Open Enrollment List as identified by the Superintendent of Public Instruction, the student may seek to transfer to another school within or outside of the district, as long as the school to which he/she is transferring has a higher Academic Performance Index. Parents of high school athletes should check on CIF sports eligibility rules before pursuing a transfer under this option. Transportation to any other school is the responsibility of the parent. School districts are allowed to adopt specific, written standards for acceptance and rejection of applications as long as students are selected through a "random and unbiased" process. Unless the school board waives the deadline, requests for transfers are to be submitted by January 1 of the prior school year. To apply, parents must directly contact the school district to which they seek to transfer their student; in the Silver Valley Unified School District a parent would contact the Superintendent's Office. The Open Enrollment List can be found on the California Department of Education website at <http://www.cde.ca.gov/sp/eo/op>.

**Foster Youth** – Foster youth are allowed educational rights, such as: immediate enrollment, priority enrollment in before and after school programs, remain in school of origin, enrollment in local comprehensive school, partial credits, graduation with state minimum requirements with possible fifth year/exemption from local graduation requirements, and access to academic resources, services and extracurricular activities. A local educational agency must provide a remedy to the affected pupil following the Uniform Complaint Procedures, including information regarding exemption from local graduation requirements, if educational rights are not allowed at the public high school. The Foster Youth Liaison is the Assistant Superintendent of Educational Services. (E.C. 48853, 49069, 51225.2)

**Persistently Dangerous Schools** – All students attending a "Persistently Dangerous School" have the right to transfer to a school within the district. A school is designated as a "Persistently Dangerous School" based on the number of student firearm violations and the number of student expulsions pursuant to Education Code sections 48900.3 and 48915, over a period of three consecutive years.

**Victim of a Violent Crime** – A student who becomes a victim of a violent criminal offense while in or on the grounds of a school that the student attends, has the right to transfer to another school within the district. The District has 14 calendar days to offer students the option to transfer. For more information, please contact the Superintendent's Office.

**Administrative Regulation No. 5116.1 – Transfers for Victims of a Violent Criminal Offense** – Within a reasonable amount of time, not to exceed 14 days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident on a case by case basis and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and/or parent/guardian in making the offer. If the parent/guardian elects to transfer his/her child, the transfer shall be completed as soon as practicable.

**Transfers from a "Persistently Dangerous" School** – Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," the Superintendent or designee shall provide parents/guardians of students attending the school with the following notifications:

1. Within 10 days of receipt of the notification from CDE, notice of the school's designation
2. Within 20 days of receipt of the notification from CDE, notice of the option to transfer their child

Parents/guardians who desire to transfer their child out of a "persistently dangerous" school shall provide a written request to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students. The Superintendent or designee may establish a reasonable timeline, not to exceed 7 school days, for the submission of parent/guardian requests.

The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. For students

whose parents/guardians accept the offer, the transfer shall generally be made within 30 school days of receiving the notice of the school's designation from the CDE. If parents/guardians decline the assigned school, the student may remain in his/her current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

**Other Intradistrict Enrollment** – Except for transfers for victims of a violent crime and from a "persistently dangerous school", the following procedures shall apply to intradistrict open enrollment:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site.
2. After enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.
3. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
4. Approved applicants must confirm their enrollment within 10 school days.

Once enrolled, a student shall not be required to apply for readmission. However, the student may be subject to displacement due to excessive enrollment.

Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

**Notifications** – Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include:

1. All options for meeting residency requirements for school attendance.
2. Program options offered within local attendance areas.
3. A description of any special program options available on both an interdistrict and intradistrict basis.

5. A district application form for requesting a change of attendance.
6. The explanation of attendance options under California law as provided by the California Department of Education.

**Grade Reduction/Loss of Credit** – No pupil may have his or her grade reduced or lose academic credit for any absence or absences excused pursuant to Section 48205 when missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time. (*E.C. 48980(j)*)

**McKinney–Vento Homeless Assistance Act (Homeless Students)** – Students who have been attending any of the Silver Valley schools and find themselves homeless (e.g. living in a shelter, a motel, hotel, a house or apartment with more than one family because of economic hardship or loss, in an abandoned building, in a car, at a campground, or on the street, in temporary foster care or with an adult who is not your parent or guardian, in substandard housing, or with friends or family because you are a runaway or unaccompanied youth) during a period of time qualify for the following opportunities:

1. Immediate enrollment in school of origin or school where they are currently residing without proof of residency, immunization records, school records, or legal guardianship papers, and
2. Right to education and other services (e.g. to participate fully in all school activities and programs for which child is eligible, to qualify automatically for nutrition programs, to receive transportation services, and to contact liaison to resolve disputes that arise during enrollment. The District Liaison to contact for assistance is the Senior Director of Student Services. (McKinney–Vento Homeless Assistance Act 1987)

The McKinney–Vento Homeless Assistance Act (1987) was recently changed to include extended rights for students who may be experiencing temporary homelessness. Please carefully read the qualifications and rights outlined below and know that if you or a child in your home fits these criteria, Silver Valley Unified School District would like to help you.

Who qualifies as homeless? The law defines a homeless student as one who lacks a fixed regular and adequate nighttime residence AND:

- Youngsters who are sharing the housing of another person due to loss of housing, economic hardship, or for a similar reason, is living in a motel, hotel, trailer park, or campground due to the lack of alternative adequate accommodations; students living in emergency centers or are awaiting foster care. (Cannot afford housing.)
- Children whose nighttime place is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.
- Children living in cars, parks, public spaces, abandoned buildings.
- Migratory children may qualify if living in places not normally considered housing for human beings.

Students qualifying under those circumstances have rights that will enable them to fully participate and succeed in public schooling. These rights are:

- To stay in your school of origin.
- Get transportation to school.
- Get all the schools services they need.
- Have disagreements with schools settled quickly. (A district liaison to assist with issues must be identified.)
- Go to the school they choose while disagreements are settled.

Schools must immediately enroll homeless students if they are living in the area and do not want to attend their school of origin. The school will contact the school of origin and request any records required, and enrollment may not be delayed. In addition, the fact that a student may be temporarily homeless, must not prevent him/her from participating in any program offered by the school, including priority enrollment in before and after school programs.

If any of these circumstances describe your living situation, please contact Educational Services at Silver Valley Unified School District, Phone: 760-254-2916 ext. 1157. ***All information will be kept confidential.***

**Minimum Days/Staff Development Days** – All parents and guardians of children attending Silver Valley Unified School District are to be advised of the schedule of minimum days and pupil-free staff development days as early as possible, but not later than one month before the scheduled minimum or pupil-free day. (E.C. 48980c)

**Religious Absences** – With your prior written permission, your child may be excused to attend moral or instruction religious services away from school. However, your child will be required to attend school at least the minimum school day. The Governing Board shall first adopt a resolution permitting pupils to be absent from school for such exercises or instruction. Absences to attend at religious retreat are limited to four days per semester. (E.C. 46014/AR 5113)

**Short-Term Independent Study** – When you know in advance that your child will be out of school for 5 days, you may request that your child to be placed on short-term independent study. The minimum period of time for any independent study options shall be 5 school days. The school needs 2 days advance notice to be able to prepare the contract that both the student and the parent are required to sign, in addition to notifying the teacher to gather the assignments the student will need to take with them. Placing your child in short-term independent study will prevent your child from being marked truant. Completed work must be returned/postmarked by each Friday of the agreement, if longer than 5 days, or the first day the student returns if the agreement is for 5 days only.

**Unsafe School Choice** – A student attending a persistently dangerous public elementary or secondary school, as determined by the State, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, has the right to transfer to another school within the district. (20 USC 7912a)

Every day we serve breakfast and lunch following the Dietary Guidelines for Americans and the National School Lunch and Breakfast Program. The following summarizes some of the guidelines we follow:

You may pay by cash or check at the school cafeteria. Information about PayPams is included in the admission packet and can also be viewed on the school district web-site.

In addition, any school employee who observes any incident of sexual harassment involving a student shall, within 24 hours, report this observation to the Coordinator/Principal, whether or not the victim files a complaint.

In any case of sexual harassment involving the Principal to whom the complaint would ordinarily be made, the employee who receives the student’s report or who observes the incident shall instead report to the Superintendent or designee.

2. **Initiation of Investigation:** The Principal shall initiate an impartial investigation of an allegation of sexual harassment within five school days of receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. The district shall be considered to have “notice” of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student’s parent/guardian, an employee who received a complaint from a student, or any other employee or student who witnessed the behavior.

If the Principal receives an anonymous complaint or media report about alleged sexual harassment, he/she shall determine whether it is reasonable to pursue an investigation considering the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment.

3. **Initial Interview with Student:** When a student or parent/guardian has complained or provided information about sexual harassment, the Principal shall describe the district’s grievance procedure and discuss what actions are being sought by the student in response to the complaint. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests confidentiality, he/she shall be informed that such a request may limit the district’s ability to investigate.

4. **Investigation Process:** The Principal shall keep the complaint and allegation confidential, except as necessary to carry out the investigation or take other subsequent necessary action.

The Principal shall interview individuals who are relevant to the investigation, including, but not limited to, the student who is complaining, the person accused of harassment, anyone who witnessed the reported harassment, and any mentioned as having relevant information. The Principal may take other steps such as reviewing any records, notes, or statements related to the harassment or visiting the location where the harassment alleged have taken place.

When necessary to carry out his/her investigation or to protect student safety, the Principal also may discuss the complaint with the Superintendent or designee, the parent/guardian of the student who complained, the parent/guardian of the alleged harasser if the alleged harasser is a student, a teacher or staff member whose knowledge of the students involved may help in determining who is telling the truth, law enforcement and/or child protective services, and district legal counsel or the district’s risk manager.

5. **Interim Measures:** The Principal shall determine whether interim measures are necessary during and pending the results of the investigation, such as placing students in separate classes or transferring a student to a class taught by a different teacher.

6. **Optional Mediation:** In cases of student–on–student harassment, when the student who complained and the alleged harasser so agree, the Principal may arrange for them to resolve the complaint informally with the help of a counselor, teacher, administrator, or trained mediator. The student who complained shall never be asked to work out the problem directly with the accused person unless such help is provided and both parties agree and he/she shall be advised of the right to end the informal process at any time.

7. **Factors in Reaching a Determination:** In reaching a decision about the complaint, the Coordinator/Principal may take into account:

- A. Statements made by the persons identified above
- B. The details and consistency of each person’s account
- C. Evidence of how the complaining student reacted to the incident
- D. Evidence of any past instances of harassment by the alleged harasser
- E. Evidence of any past harassment complaints that were found to be untrue

To judge the severity of the harassment, the Principal may take into consideration:

- A. How the misconduct affected one or more students' education
  - B. The type, frequency, and duration of the misconduct
  - C. The identity, age, and sex of the harasser and the student who complained, and the relationship between them
  - D. The number of persons engaged in the harassing conduct and at whom the harassment was directed
  - E. The size of the school, location of the incidents, and context in which they occurred
  - F. Other incidents at the school involving different students
8. **Written Report on Findings and Follow-Up:** No more than 30 days after receiving the complaint, the Principal shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the Principal shall notify the student who complained and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If it is determined that harassment occurred, the report shall also include any corrective actions that have or will be taken to address the harassment and prevent any retaliation or further harassment. This report shall be presented to the student who complained, the person accused, the parents/guardians of the student who complained and the student who was accused, and the Superintendent or designee.

In addition, the Principal shall ensure that the harassed student and his/her parent/guardian are informed of the procedures for reporting any subsequent problems. The Coordinator/Principal shall make follow-up inquiries to see if there have been any new incidents or retaliation and shall keep a record of this information.

**Enforcement of District Policy** – The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy. As needed, these actions may include any of the following:

Areas to be treated will be posted 24 hours prior to the application and remain posted for 72 hours after application is complete.

You may obtain additional information on pesticides and their use from the California Department of Pesticide Regulation at [www.cdpr.ca.gov](http://www.cdpr.ca.gov) or (919) 445-4300.

## **HEALTH SERVICES**

**Administration of Medication at School** – According to California Education Code, students who are taking prescribed medication need a signed statement from the physician detailing the **method, dosage, and time schedule** by which medication is to be taken with a signature from the parent of the pupil requesting that the school district assist the pupil in the matters set forth in the physician’s statement. *(California E.C. 49423, SVUSD BP 5141.21, AB 2132)*

Over the counter drugs are not to be encouraged. If the child needs to take an aspirin, antihistamine, cough drop, etc., the parent may come to school to administer it or have a written statement from the authorized health care provider, the parent, or guardian *(CCR, Title 5, Section 600 & 601b)*.

As of January 1, 2005, the state law, AB 2132, authorized students to carry and self-administer two types of prescription medication: auto-injectable epinephrine, for use by students suffering from an anaphylactic reaction and asthma medication. In order for students to self-administer such medication, the district must receive appropriate written statements from their physician (i.e., “student must self-carry/administer their inhaler”).

Be aware that the school may take disciplinary action if a student misuses an inhaler in any way, including sharing it with anyone or spraying it at anyone. In these circumstances, the question of a student’s maturity may be also raised again with the physician and your child may lose the privilege to carry his/her own inhaler.

If the medication is to be administered at school by school personnel, a completed Medication Authorization Form (**see forms**) needs to be submitted. All medication administered at school must be

delivered to the health office in the original container. If it is prescribed medication, the prescription label must be on the container. School personnel may not dispense medication without a current, complete medication authorization form, signed by both parent and physician. You may obtain the medication authorization form at the school's health office.

At the end of the school year, parents will be notified to pick up any remaining medication within 30 days of a documented notice; otherwise, the medication will be disposed of in accordance with applicable state law and local ordinances.

**Administration of Epilepsy Medication** – If a pupil with epilepsy has been prescribed an emergency anti-seizure medication by his or her health care provider, the pupil's parent or guardian may request the pupil's school to have one or more of its employees receive training in the administration of an emergency anti-seizure medication in the event that the pupil suffers a seizure when a nurse is not available. (EC 49414.7)

**Communicable Disease** – Students who may be suffering from a recognized contagious or infectious disease may be temporarily excluded until the district is satisfied that any contagious or infectious disease does not exist, (i.e., chicken pox). (California E.C. 8252, SVUSD B.P. 5141.22)

**Concussion and Head Injury** – A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district that elects to offer athletic programs must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete's initiating practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course. (E.C. 49475)

**Emergency Information Cards** – It is absolutely essential that parents keep all emergency information completely current so that they can be contacted quickly in the event of illness or injury. Thus, the school will not be held responsible for any health problems caused by its inability to contact parents due to inadequate or outdated emergency information. **Emergency cards shall be sent home annually for review, update, and signature of parents. It is imperative that the parent signs the release to share medical information about their child to appropriate staff.** (California E.C. 49408)

**Good Samaritan Laws** – Good Samaritan Laws give legal protection to rescuers who act in good faith and are not guilty of gross negligence or willful misconduct. Specialized physical health care services may be provided by qualified designated school employees, (i.e., health clerks or secretaries), under the supervision of the credentialed school nurse. (California E.C. 49407, Business and Professions Code 2727.5 and 2861.5)

### **Health Care and Emergencies**

Students may return to school when they have been free from a fever for a minimum of 24 hours and have no other symptoms. Students who have contagious conditions such as head lice, ringworm, chickenpox, impetigo or other conditions deemed contagious, must be cleared through the school office in accordance with San Bernardino County Public Health guidelines prior to re-admittance to school. A note from the physician will also suffice for a clearance. (A.R. 5141)

**Immunization** – Students are prohibited from attending school until the immunization requirements are met. A written immunization record, either a personal record with entries made by a physician or clinic, or a school immunization record – the blue California School Immunization Record (PM 286) or another state's school record is needed for documentation of immunizations. It must include at least the month and year each dose was received; the exception is that the measles, rubella and/or mumps vaccine given in the month of the first birthday – month, day and year are required.

**Why your child needs shots** – The California School Immunization Law requires that children be up to date on their immunizations (shots) to attend school. Diseases like measles spread quickly, so children need to be protected before they enter. California schools are required to check immunization records for all new student admissions at Kindergarten or Transitional Kindergarten **through** 12th grade and all students advancing to 7th grade before entry.

**The Law** – Health and Safety Code, Division 105, Part 2, Chapter 1, Sections 120325–120380; California Code of Regulations, Title 17, Division 1, Chapter 4, Subchapter 8, Sections 6000–6075

**What you will need for admission** – To attend school, your child's Immunization Record must show the date for each required shot above. If you do not have an Immunization Record, or your child has not

received all required shots, call your doctor now for an appointment.

If a licensed physician determines a vaccine should not be given to your child because of medical reasons, submit a written statement from the physician for a medical exemption for the missing shot(s), including the duration of the medical exemption.

A personal beliefs exemption is no longer an option for entry into school; however, a valid personal beliefs exemption filed with a school before January 1, 2016 is valid until entry into the next grade span (7th through 12th grade). Valid personal beliefs exemptions may be transferred between schools in California. For complete details, visit [ShotsforSchool.org](http://ShotsforSchool.org).

You must also submit an immunization record for all required shots not exempted. Questions? Visit [ShotsForSchool.org](http://ShotsForSchool.org) or contact your local health department ([bit.do/immunization](http://bit.do/immunization)).

To enter or transfer into public and private elementary and secondary schools (grades transitional kindergarten through 12), children under age 18 years must have immunizations as outlined.

\*New admissions to 7th grade should also meet the requirements for ages 7–17 years.

**Exemptions** – Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal belief’s exemption on file at a school prior to January 1, 2016, will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7<sup>th</sup> grade.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

**Life Threatening Injuries: 911** – The first staff person on the scene of an accident is legally responsible for providing immediate first aid. That staff person will stay with the injured student and send a messenger to summon the health clerk and/or the district nurse, if available, and notify the site administrator. If the injury is life threatening, 911 will be called and life–saving actions will begin. If transportation is deemed necessary, the injured student will be transported to the closest medical facility. A designated employee

will accompany the student **in loco parentis** (a person or institution that assumes parental rights and duties for a minor) until the parent arrives at the medical facility. (*California Welfare & Instructions Code Sections 300 et. seq., and 600 et. seq.: Family Code Sections 6900 et. seq., and 7500 et. seq.: California Health and Safety Code Section 1797.200, 1797.204, and 1798.6.*)

**Medical Care for Infections, Contagious or Communicable Disease** – A minor who is 12 years of age or older and who may have come into contact with an infectious, contagious, or communicable disease may consent to medical care related to the diagnosis or treatment of the disease, if the disease or condition is one that is required by law to be reported to the local health officer, or is a related sexually transmitted disease. A minor who is 12 years of age or older may consent to medical care related to the prevention of a sexually transmitted disease. (*FC 6926*)

**Oral Health Assessment** – As of January 1, 2007 (AB 1433), all students, while enrolled in kindergarten, or while enrolled in first grade if the pupil was not previously enrolled in kindergarten in a public school, must present proof by May 31<sup>st</sup> of the current school year of having received an oral health assessment that was performed no earlier than 12 months prior to the date of the initial enrollment of the pupil. (*E.C. 49452.8*)

**Parent Notification/Documentation/Confidentiality: Accidents /Illness** – The names of all students who visit the health office shall be recorded on the health office log and will receive first aid. The parents will be notified regarding injured or ill children. The responsibility for the care of the student should always remain with the parent or guardian. With minor incidents where we are unable to contact a parent, we will send a written explanation and/or follow-up care instructions. (*California Administrative Code Title 5, 16023*)

**Physical Examination** – Board policy states that the parent/guardian of a pupil entering kindergarten and first grade (if not completed in kindergarten) must submit to the school written proof that his/her child had a physical examination prior to entering school. The parent/guardian has the right to sign an affidavit of personal beliefs exempting his/her child from a physical examination, including vision and hearing screening. If there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, he/she shall be excluded from school and not permitted to return until the school authorities are satisfied that the contagious or infectious disease no longer exists. (*E.C. 49451, BP 5141.32, AR 5141.3*) (*Health & Safety Code 124100 & 124105*)

**Prohibition on Requiring Medication** – Personnel are prohibited from requiring an individual with exceptional needs to obtain a prescription for a medication as a condition of attending school, receiving an assessment, or receiving services. (*E.C. 56040.5*)

### **Screenings**

- **Vision Screening** – (*Reference: California E.C. 49455 and California Administrative Code, Title 5, 595 and 3027*) According to the state mandates, the nurse will screen Kindergarten or first grade, second grade, fifth grade, and eighth grade (optional) and new students to the district, students referred by teachers or parents, and students with special needs. All boys in third grade will be tested for color deficiencies as required by the law.
- **Hearing Screening** – (*Reference: California Administrative Code, Title 17, 2951 and 3027*)

According to the state mandates, the nurse will screen kindergarten, second grade, fifth grade, eighth grade, tenth grade, and new students to the district, referrals by teachers and parents, and students with special needs.

- **Scoliosis Screening** – Annual screening for every seventh grade girl and eighth grade boy for scoliosis (curvature of the spine) to be performed by the school nurse. The parent/guardian has the right to submit to the school a written request that the pupil not participate in this screening program. (*E.C. 49452.45*)
- **Dental Screening** – Dental screening is done in grades K–5 by a local, private dentist and Dentac from National Training Center, Fort Irwin. This screening is utilized as an opportunity for dental health education. (*Health and Safety Code 360 and 361*)

**Specialized Physical Health Care Services (S.P.H.C.S.)** – If a student needs to receive a specialized physical health care service, (i.e., blood sugar testing, catheterization, tracheal suctioning, gastric feedings, epinephrine injections, etc.), the school nurse **must** be notified and must develop a nursing care plan **prior** to the child's attending school. (*California E.C. 49423.5, SVUSD B.P. 5141.24*)

**Sun Protection** – Pupils may use sunscreen during the school day without a physician's note or prescription. Sun protective clothing includes hats that pupils may wear for outdoor use during the school day. (*E.C. 35183.5*)

**Temporarily Disabled; Residency** – A pupil with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the school district in which the pupil's parent or guardian resides may be deemed to have complied with the residency requirements

for school attendance in the school district in which the hospital is located. It shall be the primary responsibility of the parent or guardian of a pupil with a temporary disability to notify the school district in which the pupil is deemed to reside of the pupil's presence in a qualifying hospital. After review of the statement of the attending physician, the school district where the hospital is located will make a determination as to the possibility of providing individualized instruction to the student within 5 working days. A pupil with a temporary disability which makes attendance in the regular day classes, or the alternative educational program, and in which the pupil is enrolled is impossible or inadvisable, may receive individualized instruction provided in the pupil's home for one hour a day. Please contact Karen Nielsen, District Nurse for information (254–2916 ext. 1133). (*E.C. 48206.3, 48207; E.C. 48208*)

**Type 2 Diabetes Information – Required for All Incoming 7th Graders** – Because type 2 diabetes in children is a preventable and treatable disease, parents/guardians are encouraged to have their child screened by an authorized health care practitioner for risk factors of the disease, including excess weight, and to request tests of their child's blood glucose to determine if he/she has diabetes or pre-diabetes.

The Superintendent or designee shall provide parents/guardians of incoming students grade 7 with an information sheet developed by the CDE regarding type 2 diabetes, which includes a description of the disease and its risk factors and warning signs, a recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes be screened for the disease, a description of the different types of diabetes screening tests available, and a description of treatments and prevention methods. The information sheet may be provided with the parental notifications required pursuant to Education Code 48980.

The Superintendent or designee may provide information to parents/guardians regarding public or private sources from which they may receive diabetes screening and education services for free or at reduced costs.

## **STUDENT INJURIES AND INSURANCE**

**Injuries and Insurance** – Your child's school district does not provide medical insurance coverage for school accidents. This means that you are responsible for the medical bills if your child gets hurt during school activities. The parent or legal guardian of any pupil may purchase medical/accident insurance through the school district to defray the cost of medical treatment for illness or injuries to pupils of the district arising out of accidents occurring while being transported to and from school, while at school, or while involved in school-related activities. (*E.C. 49472*)

**Insurance for Athletic Activities** – Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. (*E.C. 32221.5*)

SVUSD offers optional medical insurance coverage through Myers, Stevens & Toohey & Co., Inc. Many coverage options are available. The Student Health Care and High Option Full Time (24-Hour) Accident plans are especially recommended for those students with no other insurance because they provide the most help when injuries occur. Student Health Care covers illness as well as injury, 24 hours a day. We strongly recommend the high option plans for students participating in interscholastic sports.

If your child does have other health coverage, student insurance may also be used to help pay those eligible charges not covered by other insurance (i.e. deductibles and co-payments). Also, the student insurance plans allow you to take your child to any doctor or hospital you choose.

Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Please read your enclosed brochure carefully. Information about these programs may be obtained by calling the plan administrator, Myers, Stevens & Toohey & Co., Inc. at (800) 827-469 or (949) 348-0656. Bilingual representatives are available for parents who need assistance in Spanish.

## **SUBSTANCE ABUSE AND VIOLENCE PREVENTION EDUCATION PROGRAMS**

**Philosophy** – The philosophy of our substance abuse and violence prevention program is through education and the acquisition of practical skills so students can lead lives free from drugs and violence. The efforts and involvement of school, law enforcement, community agencies, and parents are essential to a successful program. Together we can make a difference.

**Parent Involvement** – Child rearing is one of the most important tasks anyone ever performs, and the one

for which there is the least preparation. Most of us learn how to be parents through on-the-job training, and by following the example that our parents set.

Today, the widespread use of alcohol and other drugs subjects our children, families, and communities to pressures unheard of 30 or 40 years ago. Frankly, many of us need help to deal with this frightening threat to our children's health and well-being.

Recent surveys show that we are making progress in our national battle against some drugs. Casual use is declining, attitudes are changing, and we know more about what works to prevent drug use by our young children.

As parents, we build on that progress in our own families by having strong, loving relationships with our children, by teaching standards of right and wrong, by setting and enforcing rules for behavior, by knowing the facts about alcohol and other drugs, and by really listening to our children.

(Taken from "GROWING UP DRUG FREE: A Parent's Guide to Prevention" – U.S. Department of Education, Washington, D.C.)

### **Warning Signs**

- Young people use drugs for many reasons that often relate to how they feel about themselves, how they get along with others, and how they live. No one factor determines who will use drugs and who will not, but here are some predictors:
  - \* low grades or poor school performance;
  - \* aggressive, rebellious behavior;
  - \* excessive, rebellious behavior;
  - \* lack of parental support and guidance; and
  - \* behavior problems at an early age
- Being alert to the signs of alcohol and other drug use requires a keen eye. It is sometimes hard to know the difference between a normal teenage behavior and behavior caused by drugs. Changes that are extreme or that last for more than a few days may signal drug use. Consider the following questions:
  - \* Does your child seem withdrawn depressed, tired, and careless about personal grooming?
  - \* Has your child become hostile and uncooperative?
  - \* Have your child's relationships with other family members changed or deteriorated?
  - \* Has your child dropped old friends?
  - \* Is your child no longer doing well in school, grades slipping, or attendance irregular?
  - \* Has your child lost interest in hobbies, sports, and other favorite activities?
  - \* Have your child's eating or sleeping patterns changed?

Watch for signs of drugs and drug paraphernalia as well. Possession of common items such as pipes, rolling papers, small medicine bottles, eyedroppers, or butane lighters may signal that your child is using drugs.

If your child is using drugs, it is important to avoid blaming yourself for the problem, and to get whatever help is needed to stop it. The earlier a drug problem is detected and faced, the more likely it is that your child can be helped. (Taken from "GROWING UP DRUG FREE: A Parent's Guide to Prevention" – U.S. Department of Education, Washington, D.C.)

### **PREVENTION PROGRAMS**

**Canine Detection Program** – The canine program shall provide contraband services utilizing non-aggressive contraband detection canines. This program will provide services of unannounced inspections for our middle school and high school campuses by the K-9 detection unit. The program's goal is to check lockers, common areas, gym areas, parking lots and classroom for detection of drugs, alcohol, firearms, etc., thus enhancing the safety of the students during the school day.

**Conflict Resolution** – Students will learn how to control their anger and solve problems peacefully. This six-week course is available for children twelve to eighteen years old, which are experiencing difficulty in controlling impulsive anger. Students will learn how to redirect potentially destructive behaviors into a positive behavior.

**Professional Therapeutic Counseling** – Silver Valley Unified School District contracts with local licensed Marriage, Family, Child Therapist to provide counseling for elementary, middle school and high school students. District personnel shall refer to the consultant only those students whose school performance problems appear to result from intra-psychic distress or from psychosocial problems unrelated to the school environment.

**School Resource Officer** – The school district contracts with the San Bernardino County Sheriff's Department to provide security on our campuses. This School Resource Officer (SRO) is based at Alternative Education Center campus.

**Too Good for Drugs** – A science-based curriculum designated as a Model Program by the Substance Abuse and Mental Health Services Administration (SAMHSA) targets grades K–8. This program is identified by the California Healthy Kids Resource Center as a research validated program to effectively prevent tobacco use, alcohol use, other drug use, and violence.

## **DISTRICT POLICY ON SUICIDE PREVENTION**

### **Suicide Prevention Policy**

Protecting the health and well-being of all students is of utmost importance to the school district. The School Board has adopted a Suicide Prevention Policy, which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to warning signs of suicide in friends, using coping skills, using support systems, and seeking help for themselves and friends.
2. The District will designate individuals, typically a counselor and/or a psychologist, to serve as a point of contact for students in crisis and to refer students to appropriate resources.
3. When a student is identified as being at risk, they will be assessed by school staff who will work with the student and help connect them to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as:
  - The National Suicide Prevention Lifeline  
1-800-273-8255 (TALK)  
[www.suicidepreventionlifeline.org](http://www.suicidepreventionlifeline.org)
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they, or a friend, are feeling suicidal or in need of help.
6. Students should also know that because of the life or death nature of these matters confidentiality or privacy concerns are secondary to seeking help for students in crisis.
7. For a more detailed review of policy changes, please see the district's full suicide prevention policy.

## **INSTRUCTION**

**Advanced Placement Examination Fees (High School)** – Eligible high school students may receive financial assistance to cover the costs of the advanced placement examination fees. Please contact the AP Coordinator at the high school for information.  
(E.C. 52244)

**Alternative Schools** – California State law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. (E.C. 58501)

**Availability of Prospectus (High School)** – Each school must annually compile a prospectus of the curriculum to include titles, descriptions and instructional goals for every course offered by the school. Please contact the Assistant Superintendent of Educational Services for a copy of the prospectus.

**Career Counseling** – Commencing in grade 7, school personnel shall assist pupils with course selection or career counseling, exploring the possibility of careers, or courses leading to careers based on the interest and ability of the pupil and not on the pupil's gender. Parents or legal guardians are notified so that they may participate in such counseling sessions and decisions. (E.C. 221.5(d))

**Explanation of College Admission Requirements** – All students in grades 9–12 shall receive notification from the high school which includes:

1. A brief explanation of the college admission requirements
2. A list of the current UC and CSU Web sites
3. A brief description of what career technical education is
4. The Internet address for the portion of the Web site of the department where pupils can learn more about career technical education
5. Information about how pupils may meet with school counselors to help them choose courses at their school that will meet college admission requirements or enroll in career technical education courses. (E.C. 51229, 48980; BP 6143)

**Excuse from Instruction – Religious Beliefs** – By written request of the parent or guardian regarding any part of the instruction in health, family life education, AIDS education, sex education, and child abuse primary prevention program conflicting with the religious training and beliefs of the parent or guardian of any pupil, the pupil shall be excused from the part of the training which conflicts with such religious training and beliefs. (E.C. 51240)

**Graduation Requirements** – Requirements for graduation and alternative modes for completing the prescribed course of study must be made available to pupils, parents and the public. Contact your child's school for this information. (E.C. 51225.3)

**Promotion/Retention of Pupils** – Parents should be notified when a pupil is identified as being at risk of retention and/or student achievement is significantly below standards adopted by the Governing Board. (E.C. 48070.5)

**Refrain from the Harmful or Destructive Use of Animals** – Any pupil with a moral objection to dissecting or otherwise harming or destroying animals must notify his/her teacher regarding this objection. The parent or guardian must provide a signed note indicating the pupil's objection. The teacher and the pupil may agree to an alternative educational project. (E.C. 32255–32255.6)

**Right to Inspect Instructional Materials** – Parents or guardians of pupils have the right to inspect all instructional materials and assessments, including books, teacher's manuals, films, tapes, and software that are provided for educational purposes. (E.C. 51938, 48980)

The high school libraries serve students in grades nine through twelve. Some of the material is written for an adult audience to meet the needs of the mature readers. Parents/guardians have the right to screen their student's reading matter. If parents/guardians want to screen materials that their students check out of the library, they should contact the school library clerk. They will be asked to fill out a request form so that each time their student checks out material other than textbooks, the parents will be notified of the titles being checked out.

**Sex Education Courses – Excuse from Attendance** – If classes are offered in which human reproductive organs and their functions and processes are described, illustrated or discussed, the parent or guardian of each pupil enrolled in such class shall first be notified in writing of the class. Materials to be used may be reviewed prior to instruction. Opportunity shall be provided to each parent or guardian to request in writing that his child not attend the class. Such requests shall be valid for the school year in which they are submitted but may be withdrawn by the parent or guardian at any time. (E.C. 51938)

## State Testing Information

- **Smarter Balanced Assessment Consortium (SBAC)** – The Smarter Balanced Assessment Consortium is a multistate consortium working collaboratively to develop a student assessment system aligned with a common core of academic content standards for English language arts/literacy and mathematics. As a Smarter Balanced governing state, California is a decision-making member. Smarter Balanced assessments are designed to measure student progress toward college and career readiness.

For more information about these tests, including when tests are taken, visit the California Department of Education website at <http://www.cde.ca.gov/>

**Common Core State Standards** – Educational standards describe what students should know and be able to do in each subject in each grade. In California, the State Board of Education decided on the standards for all students, from kindergarten through high school.

Since 2010, 45 states have adopted the same standards for English and math. These standards are called the Common Core State Standards (CCSS). Having the same standards helps all students get a good education, even if they change school or move to a different state. Teachers, parents and education experts designed the standards to prepare students for success in college and the workplace. The California Department of Education helps schools make sure that all students are meeting the standards.

Teachers, parents and education officials can use the results to identify strengths and weaknesses in order to improve student learning. Students and their parents can compare individual academic abilities against grade-level requirements and the results of other students in that grade.

- **Physical Fitness Testing (PFT)** – The State Board of Education (SBE) designated the *FITNESSGRAM*® as the Physical Fitness Test (PFT) for students in California public schools. The *FITNESSGRAM*® is a comprehensive, health-related physical fitness battery developed by The Cooper Institute. The primary goal of the *FITNESSGRAM*® is to assist students in establishing lifetime habits of regular physical activity. Public school students in grades five, seven, and nine are required to take the PFT, whether or not they are enrolled in a physical education class or participate in a block schedule. These students include those enrolled in elementary, high, and unified school districts, county offices of education, and charter schools. School districts should also test all students in alternate programs, including, but not limited to, continuation schools, independent study, community day schools, county community schools, and nonpublic schools. Students who are physically unable to take the entire test battery are to be given as much of the test as conditions permit. (*E.C. Section 60800 and the California Code of Regulations, Title 5, Section 1041*).

The PFT provides information that can be used by:

1. Students to assess and plan personal fitness programs
2. Teachers to design the curriculum for physical education programs; and
3. Parents and guardians to understand their children’s fitness levels. This program also provides results that are used to monitor changes in the physical fitness of California students. By law (*E.C. Section 60800*), all school districts in California are required to administer the PFT annually to all students in grades five, seven, and nine.

The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student’s welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters.

Copies are available to read at each school office. Fire and emergency drills are held periodically at each school. Each school shall report on the status of its school safety plan, including a description of its key elements in the annual School Accountability Report Card (SARC). As part of our program to promote safety and deter the presence of weapons, the district uses random metal detector scans. ## **SPECIAL EDUCATION**

**Assessment/ Due Process** – The process of assessing students to receive special education services begins with our Student Study Team (SST) meetings. Students may require intervention accommodations in the regular classroom setting to help them achieve. The goal is to provide support in the regular education class where students learn best. However, sometimes students may need more intense interventions. The SST team will make the referral to the District School Psychologists and an Assessment Plan will be sent home for the parent to sign and return in order to begin. Parents will be notified that upon completion of the assessment for special education, an individualized educational plan team meeting will be held. It should be noted that your involvement is necessary and will be actively sought by the district. Decisions that affect your child's educational services or supports will not be made without your consent. The purpose of the meeting will be to discuss the assessment, the educational recommendations and the documentation of determination of eligibility. If the parent disagrees with an assessment obtained by the public agency, the parent has the right to obtain, at public expense, an independent educational assessment of the pupil from qualified specialists as defined by regulations of the board. However, the public education agency may initiate a fair hearing which may result in the parents having to pay for such an assessment. Parents, disabled students and the public education agency all have due process rights when there is a proposal to change, refusal to change or refusal to consent to an assessment by either parties. All parties concerned have a right to a mediation conference. The pupil has the right to be present if the parents' desire or if the student has already reached the age of 18. The parents or guardians may request the hearing to be open to the public. (*E.D. 56329, 56301, 56308*)

**Child Find** – It is the policy of the Desert Mountain SELPA that all students with disabilities, birth through 21, be actively sought identified, assessed and served appropriately, including children with disabilities who are homeless or wards of the state. Contact your local school to get help when an "exceptional need" is suspected (*E.C. 56300-563030*)

**IDEA (Individuals with Disabilities in Education Act)** – Every individual identified through assessment to have a disability who is eligible to receive Special Education instruction and/or related services shall receive such education or services in the least restrictive environment, at no cost to the parents or student. No pupil may be required to participate in any special class or program unless the parent is first apprised of the facts which make participation in the special program necessary or desirable and parent consents in writing to the placement and services offered in the individual educational plan. Once a student is identified and placed on an IEP, meetings will be held at minimum once per year. This meeting is called an annual IEP. At the annual IEP supports, services and goals will be discussed and updated. Once every three years a triennial meeting is held. At this meeting a new assessment will be conducted and reviewed and ongoing qualification for services will be discussed as well as students ongoing supports and services. (*E. C.56040, 56301, 56346, 56506*)

**Identification and Education Under Section 504** – Individuals with physical or mental impairments that substantially limits one or more major life activities are eligible to receive services and aids designed to meet their needs and access their education to the extent the needs of non-disabled students are met. The district has designated a person who is responsible for implementing requirements of Section 504 plans and establishing screening and evaluation procedures to use when a pupil is suspected of having a disability that limits their ability to attend or function at school. The district is required to notify eligible pupils and their parents of the school's

duty under Section 504 plans and to provide parent notice of procedural safeguards as specified. The designated district person responsible for this program is the Special Education Coordinator. (29 USC 794, 34 CFR 104.32)

**Note** – It should be noted that both IEPs (Individualized Educational Plans) and 504 plans are covered under Federal law and are legal documents. Should you move out of our district, your student’s IEPs and 504 plans will go with them. If you have questions or concerns about the implementation of your student’s IEP or 504 plan, or if you wish to discuss your student’s IEP or 504 plan with school personnel, you are entitled to request an IEP or 504 plan meeting at any time. If you have questions about your legal rights and procedural safeguards, you are welcome to contact your school’s principal or the District’s Special Education Coordinator for more information.

Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. The District Educational Technology Department is available as a resource for school sites. The principal or designee(s) agrees to include the Educational Technology Department in their site's technology needs and plans.

**On–Line/Internet Services: User Obligations and Responsibilities** – Students are authorized to use district equipment to access the Internet or other on–line services in accordance with Board policy and Administrative Regulations, and the district's Acceptable Use Agreement. Students further agree to follow the below guidelines and policies when conducting any school–related electronic communication, including, but not limited to, texts, emails and communications on third–party platforms, such as Google Docs, Google Classroom, Edmodo, and social media sites.

1. The student using the district's equipment and accessing the Internet via SVUSD circuits is responsible for the proper use of that equipment and access at all times. Students shall keep personal data, including passwords and user names, home addresses and telephone numbers private.
2. Students shall use the district's system safely and responsibly for educational purposes. This includes appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response, even while transmitting electronic information off–site.
3. Students shall not access, post, submit, publish, or display harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes in a patently offensive way sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (*Penal Code 313*)

4. Unless otherwise instructed by school personnel, students shall not disclose, use, or disseminate personal identification information about themselves or others when using email, chat rooms, or other forms of direct electronic communication. Students also shall be cautioned not to disclose such information by other means to individuals contacted through the Internet without the permission of their parents/guardians.

Personal information includes the student's name, address, telephone number, Social Security number, or other individually personally identifiable information.

5. Students shall not use the system to encourage the use of drugs, alcohol, or tobacco, nor shall they promote unethical practices or any activity prohibited by law or Board policy, or administrative regulations.
6. Students shall not use the school site's electronic, computer, network, or any other district owned devices for commercial or other for–profit activities.
7. Students shall not use the system to threaten, intimidate, harass, or ridicule other students or staff.
8. Copyrighted material shall be posted online only in accordance with applicable copyright laws. Any materials utilized for research projects should be given proper credit as with any other printed source of information.
9. Students shall not intentionally upload, download, or create computer viruses and/or maliciously attempt to harm or destroy district equipment or materials or manipulate the data of any other Internet user, inside or outside the district, including so–called "hacking."
10. They shall not attempt to interfere with other users' ability to send or receive email, nor shall they attempt to read, delete, copy, modify, or use another individual's identity.
11. Students shall report any security problem or misuse of the services to the teacher or principal.
12. Students shall be provided access to the school site's systems and resources as instruction necessitates, per the requirements of the Education Code.

The district reserves the right to monitor use of the district's systems for improper use without advance notice or consent. Students shall be informed that computer files and electronic communications, including email, are not private and may be accessed by the district for the purpose of ensuring proper use.

Whenever a student is found to have violated Board policy, administrative regulation, or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

**Electronic Signaling Device/Cell Phones** – Students may be permitted to have in their possession a cellular phone or other personal electronic devices in school, on school property, at after-school activities, and at school related functions. However, cellular phones or other personal electronic devices are only permitted to be used at the discretion of the teacher and/or Administrator for instructional purposes. If a disruption occurs or a student uses any cellular phone or personal electronic device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If a school employee finds it necessary to confiscate a device, he/she shall return it at the end of the class period or school day.

A student who violates this policy may be prohibited from possessing a cellular phone or personal electronic device at school or school-related events and/or may be subject to discipline in accordance with Board policy and administrative regulation.

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student's health and the use of which is limited to purposes related to the student's health. (*B.P. 5131, E.C. 48901.5*)

**Electronic Listening or Recording Device** – The use by any person, including a pupil, of any electronic listening or recording device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. Any person, other than the pupil, willfully in violation shall be guilty of a misdemeanor. Any pupil in violation shall be subject to appropriate disciplinary action. (*E.C. 51512*)

**Internet Access** – The Governing Board recognizes that technology provides ways to access the most current and extensive sources of information. Technology also enables students to practice skills and to develop reasoning and problem-solving abilities. Every effort shall be made to provide equal access to technology throughout the district's schools and classes. The Board intends that the internet and other on-line resources provided by the district be used to support the instructional program and further student learning.

The Superintendent or designee shall establish administrative regulations governing student access to technology that are age appropriate. These regulations shall prohibit access to harmful matter on the internet which may be obscene or pornographic and preclude other misuses of the system. In addition, these regulations shall establish the fact that users have no expectation of privacy and that district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by these regulations shall be subject to disciplinary action, revocation of the user account, and legal action as appropriate.

Because the internet contains an unregulated collection of resources, the district cannot guarantee the accuracy of the information or the appropriateness of any material that a student may encounter. Therefore, before using the district's on-line resources, each student and his/her parent/guardian shall sign and return a Responsible User Agreement. This agreement shall specify user obligations and responsibilities and shall indemnify the district for any damages. The parent/guardian shall agree to not hold the district responsible for materials acquired by the student on the system, for violations of copyright restrictions, users' mistakes or negligence or any costs incurred by users. (*E.C. 51870.5, B.P. 6163.4*)

**Internet Safety** – The Silver Valley Unified School District prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

Across the nation, schools have seen an increase in negative student behavior as a result of messages written using electronic technology, "texting" and posting to popular social networking Web sites have become the norm. Many sites contain instant messaging components that allow students to chat and share pictures with other people and encourage posting of statements that ordinarily would not be said in a face-to-face conversation.

The popularity and access to these "social" websites are wide-spread. Even though there are age limits imposed on such sites, it is well known that kids have "ways" around them and children, as young as eight

or younger, have access to these kinds of websites. SVUSD encourages you, as parents, to be more involved in your child's internet activities and to encourage conversations with your child about internet usage.

The Internet is used by many different people, for good and bad. Just as in real life, it is advised to be wary of strangers and people you do not know. Child predators, "cyber bullies," and con artists are just some of the dangers that can be encountered while using the Internet. Some students use the Internet to participate in online bullying or to threaten harm to other students. This so-called "cyber bullying," occurs with children of all ages. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet or other reasons.

Outside of our schools, there have been instances of adults posing as youths and gaining access to youth chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting children post enough personal information that predators are able to locate students' home or school addresses, thereby becoming easy targets for predators.

The Silver Valley Unified School District has blocked the use of these social networking and web sites from our school computers. We will continue to block objectionable material as we deem appropriate. Parents should be aware of what their children are writing on the Internet and what others are posting in reply. The websites are public domain, and anything posted there can be seen by anyone who has Internet access. We encourage you to talk with your son or daughter about the potential danger of the Internet. Ask if they have an account with Facebook, MySpace or similar web sites. If your child is using such a site with your permission, you may want to review his or her profile to ensure that no personal and identifiable information has been posted.

We also encourage you to establish rules and guidelines to ensure the safety of your child while on the Internet. Some Web sites offer parental or family guidance for Internet safety; for example, SafeKids.com, located online at <http://www.safekids.com>, and the National Children's Advocacy Center; [www.nationalcac.org](http://www.nationalcac.org).

The Silver Valley Unified School District will continue to provide Internet security within our schools. It is important that parents also monitor Internet use at home. Thank you for your support and cooperation in keeping our students safe.

## **Responsible User Agreement**

### **General Principles**

- Current technologies and information resources offer access to computers and people throughout the world. Potentially, they can provide students and staff with access to electronic mail, libraries, information and news from a variety of sources, software of all types, and discussion groups on a wide variety of topics.
- Along with the tremendous potential value of these services, there also are serious concerns about them due to the open, free-form nature of the Internet and many of the on-line services where inappropriate language, attitudes and behavioral expressions may be openly stated.
- The following provisions specify the expectations for all students, staff members, and authorized volunteers using computing and telecommunications resources of the Silver Valley Unified School District.
- This document constitutes a user agreement for use of all district electronic information sources; it delineates acceptable use of those resources.

**Electronic Information Resources User Agreement** – The district provides electronic tools and information services for students, staff members and authorized volunteers who qualify as a result of participation in an orientation and/or training course. The goal in providing these services is to promote educational excellence by facilitating resource sharing, innovation, and communication. The district makes every effort to protect students, staff and volunteers from any misuses or abuses as a result of their experiences with an information service. However, users must act responsibly to make this occur. All users must be continuously on guard to avoid inappropriate and illegal interaction with the information services and the district's electronic information resources.

**Read this document carefully.** Your signatures (and those of your parent/guardian if you are under 18 years of age) are required before you will be allowed to access any electronic services using district resources.

**If any user violates the following provisions, access to the use of electronic information resources may be denied and you may be subject to disciplinary and/or legal action.**

## Terms and Conditions of Access

**Personal Responsibility** – As a user of the district’s electronic information resources, I accept personal responsibility for my use of the district’s electronic information resources. I also accept responsibility for reporting any misuse of those electronic information resources to the site administrator. Misuse is commonly viewed as any activity, which is harmful to the equipment, or message(s) sent or received that indicate or suggest pornography, unethical or illegal solicitation, racism, sexism, inappropriate language, and other issues described below. If there is any question whether the transmission or receipt of electronic information could be considered “misuse” it is the responsibility of the user to first consult the site administrator(s). The determination by the district administrator(s) in such a case will be conclusive. I understand that all the rules of conduct described in this document apply when I am using any district electronic information sources. It is my responsibility to abide by them.

**Acceptable Use** – I am personally responsible for the following provisions at all times when using district equipment.

- The use of other organization’s or company’s networks or computing resources must comply with rules appropriate to that network as well as the guidelines of the district.
- Transmission of any material in violation of any local, state or federal law or any organizations or company’s rules and/or procedures is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.
- The use of district electronic information resources for commercial activities, to produce advertisements, or political lobbying is prohibited.
- Users should never allow others to use their account or password, nor should they use another person’s account or password.
- I am aware that the inappropriate use of electronic information resources can be a violation of local, state, and federal laws or the provisions of organizations or companies and that I can be prosecuted for violating those laws.
- No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student’s health and the use of which are limited to health-related purposes.

Students may possess or use on school campus personal electronic signaling devices including, but not limited to, pagers, beepers, and cellular/digital telephones, as well as other mobile communications devices including, but not limited to, digital media players, personal digital assistants (PDA’s), compact disc players, portable game consoles, cameras, digital scanners, and laptop computers, provided such are not used for illegal or unethical activities such as cheating on assignments or tests.

**Possession of Cellular Phones and Other Electronic Signaling Devices** – No persons shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student’s health and the use of which are limited to health-related purposes.

Persons may possess or use on school campus personal electronic signaling devices including, but not limited to, pagers, beepers, and cellular/digital telephones, as well as other mobile communications devices including, but not limited to, digital media players, personal digital assistants (PDA’s), compact disc players, portable game consoles, cameras, digital scanners, and laptop computers, provided such are not used for illegal or unethical activities such as cheating on assignments or tests.

Permitted devices shall:

- Be turned off during class time and at any other time directed by a district employee
- Not disrupt the educational program or school activity

If a disruption occurs, or a student uses any mobile communications device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If a school employee finds it necessary to confiscate a device, he/she may either return it at the end of the class period or school day or keep it until the principal or designee has consulted with the student’s parent/guardian. In accordance with the Board’s policy and administrative regulation on search and seizure, a school official may search a student’s mobile communications device, including, but not limited to, reviewing messages or viewing pictures. A student who violates this policy may be prohibited from possessing a mobile communications device at school or school-related events and/or may be subject to discipline in accordance with Board policy and administrative regulation. Neither the school nor the District shall be held responsible for lost or stolen electronic devices.

**Privileges** – The use of electronic information resources and information systems is a privilege, not a right. Inappropriate use may result in the cancellation of those privileges. The site administrator and/or District Technology Committee will determine what is appropriate use and that determination shall be conclusive. The system administrators will close an account at any time deemed necessary. The administration, staff, or faculty of the district may request that the administrators deny, revoke, or suspend specific user accounts. The administration, staff, or faculty of the district may request that access privileges to district

electronic information resources be denied, revoked, or suspended for specific users.

**Network Etiquette and Confidential Information** – Users are expected to abide by the generally accepted rules of etiquette. These rules include, but are not limited to, the following:

- **BE POLITE.** Never send, or encourage others to send, abusive messages.
- **USE APPROPRIATE LANGUAGE.** Remember that you are a representative of the school district on a non-private, shared system. Never swear, use vulgarities, or any other inappropriate language. Illegal activities of any kind are strictly forbidden. The site administrator and/or District Technology Committee will be the sole judges of the presence of vulgarity or obscenity.
- **CONFIDENTIAL INFORMATION.** Respect the privacy of all individuals. Never reveal your home address or personal phone number or the address or phone number of anyone else. Use school addresses and phone numbers, if they must be provided.
- **ELECTRONIC MAIL.** Electronic mail (e-mail) is not private. The system operator of any district system (or any system you connect with) has access to all e-mail. Sending or receiving unauthorized encrypted or encoded messages is strictly forbidden. Messages relating to or in support of illegal activities are not permitted.
- **DISRUPTIONS.** Do not use district electronic information resources in any way that would disrupt use by others.
- **OTHER CONSIDERATIONS:** If you have any questions about whether an action meets the rules of etiquette or privacy, it is your responsibility to first consult the site administrators. Usage of district resource is not private. Any usage of district resources can be monitored and recorded any may be used as evidence for disciplinary or legal action.

**Services** – The district makes no warranties of any kind, whether expressed or implied, for any access to electronic information resources or the services they are providing. The district will not be responsible for any damages suffered while using those systems. These damages include loss of data as a result of equipment failure, delays, non-deliveries, mis-deliveries, or service interruptions caused by the systems, your errors or omissions. Use of any information obtained via electronic information resources is at your own risk. The district specifically disclaims any responsibility for the accuracy of information obtained through any electronic information resources.

**Security** – If you identify a security problem with any district electronic information resources, notify an administrator or a responsible staff member at once. Never demonstrate the problem to any other user. Never use another individual's access account. All use of the district's electronic information resources must be under your own account. Any user identified as a security risk will be denied access to the information system.

**Vandalism** – Vandalism is defined as any malicious attempt to harm or destroy data of another user or any other agency or network which is connected to the system. This includes, but is not limited to, the uploading or creation of computer viruses. Any vandalism will result in the loss of computer services, disciplinary action, and possible legal action.

**Updating** – The district electronic information resource's staff may periodically require new registration and account information from you to continue the service. You must notify the district system administrator of any changes in your account information.

## **STUDENT TRANSPORTATION (FIRST STUDENT)**

**Introduction** – The Silver Valley Unified School District would like to offer the following guidelines for your children, concerning transportation. The following is presented as a help to students, parents, chaperones, coaches, and teachers. Riding the bus is a privilege, there is no state law requiring the District to provide transportation for any student. Our School Board has determined that bus service will be provided. Therefore, in an effort to protect and ensure our children's safety, we need informed cooperation concerning rules and regulations.

**General Rules of Conduct** – Rules of conduct have been established to aid in the safe and efficient transportation of students. Because it is impossible to develop a set of rules that are all inclusive, breaches of good discipline may occur which are not specifically covered here. Students are expected to conform to classroom standards of behavior. Instructions of the driver must be followed. The bus driver will be responsible for the discipline of inappropriate student behavior at the bus stop from the time the Driver can identify the student.

**Daily Procedures** – Students will be picked up at designated stops only. Riders must be at their stops five (5) minutes before bus arrival time. Orderly conduct is required at all stops; this is the parent's responsibility until the student has boarded the bus. Children need to be on the correct side of the road for morning pick-ups.

Students will be dropped off at their regular bus stop unless the driver is given prior notice by parent, guardian or proper school authorities. Students must have a note to board or depart at a stop other than their own.

There are great distances and sparsely involved in our busing area. To ensure the safety of kindergarten bus riders, parents are required to pick up their child at the bus stop. Kindergarten riders not met at the bus stops will be returned to their school, after all students are delivered, to await parent pick up.

During the first week of school, younger children (K–3) need name and address tags (please no P.O. Box numbers). Morning bus stops also indicated would aid teachers, principals and drivers to get the children on the right bus home. Clearly marked numbers on mail boxes or homes would also be very helpful in delivering children to correct bus stops.

**Walking to and from School Bus Stops** – Help your child to leave home early enough to arrive at the bus stop five minutes prior to scheduled bus arrival time.

Beginning at home, plan your time so you can leave home at the same time every day and get to the bus stop on then proper side of the roadway with 5 minutes to spare without hurrying. When your child rushes to catch the bus, he or she may be careless when crossing the street or when approaching the bus.

Whenever you cross any street going to and from home, to and from the school bus, remember to *STOP, LOOK, and LISTEN* left, right and left again before crossing. DRIVER MUST CROSS STUDENTS. Form lines facing the direction from which the bus will approach the bus stop.

Wait back at least ten (12) feet from the edge of the roadway until the bus has come to a complete stop and the front door has opened.

**Be considerate of property near loading areas. Vandalism may result in suspension of bus riding privileges.** Wait for your school bus in a safe place. Playing around the bus stop is not safe. You could be hurt.

Do not wear spikes or cleats. Animals, insects, and large objects are not allowed on the bus.

**Loading/Unloading Red Light Crossover (All Students)** – The following requirements shall apply at school bus stops made to receive or discharge pupils. Students need to be on the same side of the road as the bus stop prior to the arrival of the bus. However, if a student is not on the same side of the bus stop at the time a bus is coming or has already arrived the driver, using a hand-held stop sign must escort him across the street, and the flashing red crossover lights must be activated. The exception would be where there is a traffic controlled signal or on a multi-lane roadway. To ascertain a safe procedure for escorting students:

1. On approach to a school bus stop where pupils are loading or unloading from a school bus, the driver of the school bus shall activate an approved flashing amber light warning system, if the bus is so equipped, beginning 200 feet before the bus stop. The driver shall operate the flashing red signal lights and stop signal arm, as required on the school bus, at all times when the school bus is stopped for the purpose of loading or unloading pupils. The flashing red signal lights, amber warning lights, and stop signal arm system shall not be operated at any place where a traffic officer controls traffic.
2. Have students prepared to either wait across the street for direction or line up inside the bus before boarding or departing the bus.

3. The driver will be the first person off the bus, checking that it is safe to load/unload.
4. Once the red light system is activated, the driver must be sure that it is safe for the pupils to cross the roadway. Students shall not cross until directed to do so with driver.
5. The student should stop and look in both directions, making sure the roadway is still clear and it is safe to cross.
6. All students must cross in front of the bus, between the bus and the driver.
7. Students must stay out of the danger zones (see diagram at Appendix A). Riders also have a responsibility to make the ride and loading/unloading procedures safe.

### **Rules of Conduct**

#### **A. General**

1. Follow directions.
2. Stay in your seat while the bus is in motion.
3. Keep all body parts inside the bus.
4. Cursing, swearing or loud talking is not allowed.
5. No eating, drinking, chewing gum.
6. No littering.
7. No tampering with bus controls, emergency exits or bus equipment.
8. Fighting, horseplay, hitting, pinching or teasing is prohibited.
9. Spitting or throwing objects inside the bus or from open windows is prohibited.
10. Smoking, matches, lighters, and weapons are prohibited on buses.
11. Students must get off at their designated bus stop and must cross the street in the proper manner.
12. Intimidating or threatening the bus driver or other students is prohibited.
13. Endangerment of passengers or safe travel is prohibited.
14. A teacher or coach must accompany Extracurricular or activity trips.
15. Remain quiet at railroad crossings.

#### **B. Loading/Unloading**

When you arrive at your school or school bus stop, follow these rules:

1. Stay seated until the bus comes to a full stop. The driver will tell you when to go. Remember to pick up all your items.
2. Let those closest to the front of the bus off first.
3. Line up on the way out of the bus. Always use the front door unless the driver says otherwise.
4. Always use the handrail going up or down the steps. Be especially attentive to drawstrings and other items that may catch while exiting the bus. Protect yourself from slips and trips.
5. Watch your step! Do not jump off the bus.
6. Move away from the bus door quickly. Stay clear of the wheels. Do not go after anything that rolls or falls under or in front of the bus. Wait until the driver can assist you.
7. Never reach back into the bus through the windows.
8. Observe safety procedures and be alert for traffic after leaving the school bus.
9. Go directly home after getting off the bus. Do not talk to strangers and do not accept rides from strangers.

**Student Discipline Procedure** – Bus transportation is a privilege extended only to students who display good conduct while preparing to ride, riding or leaving the school bus. ***Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation.*** District's refusal to provide transportation under these conditions does not excuse parents from their responsibility, by law, of having their children in school each day.

**California Administrative Code states in part, "Pupils transported in a school bus shall be under the authority of and directly responsible to the driver of the bus". (CAC 14263)**

Failure to follow school bus rules shall result in the following:

- 1<sup>st</sup> Incident – Verbal correction with written notice
- 2<sup>nd</sup> Incident – Verbal correction with written notice
- 3<sup>rd</sup> Incident – Verbal correction with written notice and parental notification
- 4<sup>th</sup> Incident – Written notice with 2 day suspension
- 5<sup>th</sup> Incident – Written notice with 5 day suspension
- 6<sup>th</sup> Incident – Written notice with 7 day suspension
- 7<sup>th</sup> Incident – Written notice with 10 day suspension
- 8<sup>th</sup> Incident – Written notice with suspension pending recommendation to suspend for remainder of school year

A flagrant violation or behavior, which represents a threat to the safety of students or driver, may lead to immediate suspension and/or exclusion from all bus privileges.

**Field Trips** – Bus rules and safety regulations apply to chaperone, coaches, and teachers as well as to students. Prior to departure on a school activity trip, all students shall receive safety and evacuation instructions. Rules applicable to Home-to-School/School-Home transportation also apply to parents and students during Educational and Athletic field trips.

**Bus Evacuation Procedures** – Evacuation shall be held at least once a year. All pupils in pre-kindergarten, kindergarten, and grades 1 to 8 inclusive, who receive home-to-school transportation, shall receive safety instruction which includes, but is not limited to, proper loading and unloading procedures, including escorting by the driver, proper passenger conduct, bus evacuation, and location for emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit. As part of the instruction, pupils shall evacuate the school bus through the emergency exit door.

A. Bus drivers will familiarize students with emergency procedures that include the following:

1. Students must follow driver's instruction
2. Location of emergency equipment and exits
3. Identification of placement monitors and their responsibilities
4. Seating patterns
5. Maintaining order
6. Departure of bus
7. Safety rules
8. Line leader responsibilities

B. Students' responsibility during emergency are:

1. Following driver's instruction
2. Being familiar with all emergency procedures.
3. Practicing safe conduct
4. Staying calm and quiet
5. Demonstrating cooperative behavior.

**Visibility Restrictions** – The Governing Board of a local education agency that provides for the transportation of pupils shall adopt procedures that limit the operation of school buses when atmospheric conditions reduce the visibility on the roadway to 200 feet or less during regular home-to-school transportation services. Operational policies for school activity trips shall give bus drivers discretionary authority to discontinue school bus operation if the driver determines that it is unsafe to continue operation because of reduced visibility. (*California Vehicle Code Section 34501.6*)

**Authority of District Boards** – The Governing Board of any school district, county superintendent of schools, or equivalent private school entity or official, may adopt and enforce additional requirements governing the transportation of pupils. Such requirements shall not conflict with any law or state administrative regulation. The Governing board of a school district may require school bus drivers to escort high school pupils across the highway.

The Danger Zone is the space which extends 12 feet out from the bus in all directions. The school bus driver cannot see children in the zone, especially around the wheels. It is very dangerous to be in this area.

**Why is it called the “Danger Zone”?** – If the bus driver cannot see you, he may hit you. It has happened before to others who have been injured or killed. You must be very careful whenever you get on or off the bus.

Important rules for your child that must be followed for “Danger Zone” avoidance:

1. Do not cross between two or more parked buses.
2. Never try to get anything that is dropped around the bus. Tell the driver or a teacher.
3. Tell the bus driver if you have to cross the street after being dropped off. California has special laws for this.

**\*\*See Appendix A graphic at the end of this section.**

**Board Policy 6153 – School Sponsored Trips** – The Governing Board recognizes that school–sponsored trips are an important component of a student's development and supplement and enrich the classroom learning experience. School–sponsored trips may be conducted in connection with the district’s course of study or school–related social, educational, cultural, athletic, school band activities, or other extracurricular or co–curricular activities. A field trip to a foreign country may be permitted to familiarize students with the language, history, geography, natural science, and other studies relative to the district’s course of study.

Requests for school–sponsored trips involving out–of–state, out–of–country, or overnight travel shall be submitted to the Superintendent or designee. The Superintendent or designee shall review the request and make a recommendation to the Board as to whether the request should be approved by the Board. All other school–sponsored trips shall be approved in advance by the Principal and Superintendent or designee.

The principal shall establish a process for approving a staff member’s request to conduct a school–sponsored trip. When planning trips, staff shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.

No field trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. The Superintendent or designee shall coordinate with community groups to supply funds for students in need.

District funds shall not be used to pay student expenses for out–of–state or out–of–country field trips or excursions. However, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds.

**Administrative Regulations 6153(a) – School Sponsored Trips**

**Supervision** – Students on school–sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

The Superintendent or designee shall ensure that adequate supervision is provided on all school–sponsored trips and that there is an appropriate ratio of adults to students present on the trip. The ratio of adults to students on school–sponsored trips shall be:

Grades K–03:	1 per 10 students
Grades 04–08:	1 per 15 students
Grades 09–12:	1 per 20 students

If the trip involves water activities, these ratios should be revised to ensure closer supervision of elementary grade students.

**Parent/Guardian Permission** – Before a student can participate in a school–sponsored trip, the teacher shall obtain parent/guardian permission for the trip. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out–of–state field trips or excursions and all parent/guardians of students taking out–of–state field trips or excursions shall sign a statement waiving such claims.

**Safety Issues**

1. While conducting a trip, the teacher, employee or agent of the school shall have the school's first aid kit in his/her possession or immediately available.
2. Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites, shall participate in the trip.
3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school–sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.
4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than \$500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.

- Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians and students to discuss safety and the importance of safety-related rules for the trip.

### **Trip Approval**

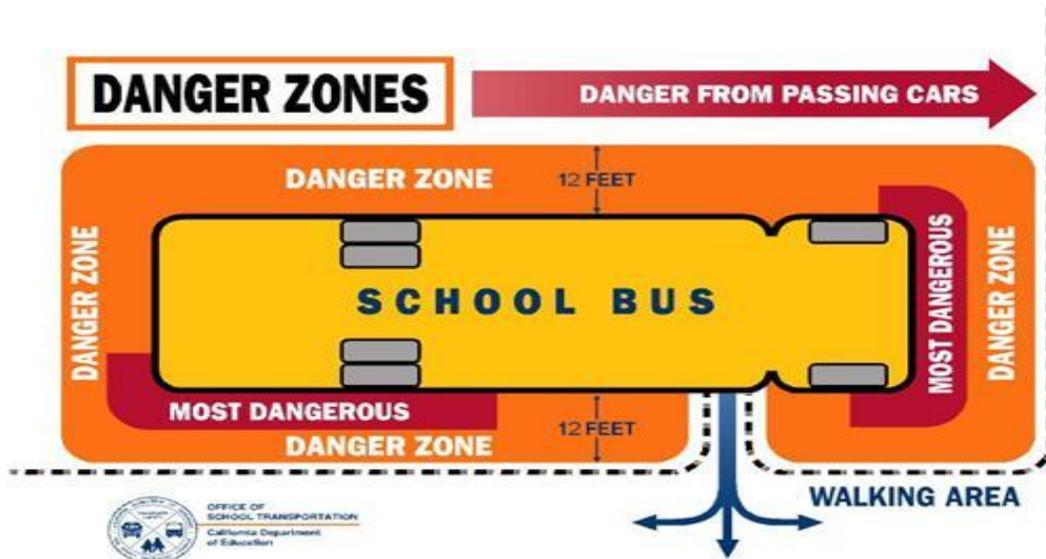

- Teachers planning a trip shall complete the Field Trip Information Request at least 45 days prior to the date desired. The request must be approved by the Superintendent prior to the trip. When trip is out of state or overnight, the form must be approved by the Governing Board prior to the trip. Hence, schedule of regularly scheduled Board meetings must be considered when processing a request.
- To effectively plan trips, all known trips should be considered for approval at the beginning of the school year.
- Mode of transportation must be specified on the Field Trip Information Request Form and appropriate offices contacted to make transportation requests:
  - If a school bus is desired, a completed Field Trip Information Request Form is sufficient. Contact First Student to secure transportation in advance.
  - If a district vehicle is desired, contact MOT at least 15 working days in advanced to obtain DMV clearance and secure transportation in advance. Further, completion of Vehicle Request Form is required for issuance of district vehicle. Completion of the Vehicle Request Form is in addition to the Field Trip Information Request Form. If a volunteer/chaperone requests to drive a district owned vehicle, the volunteer must be DOJ (Department of Justice clearance for criminal background) cleared through the Human Resources Department prior to the trip.
  - If a privately owned vehicle is desired, contact the Business Department (see AR 3541.1, Transportation for School-Related Trips). Completion of a School Registration Form with Driver Instructions is required and shall be submitted to the Business Department prior to the trip.

Whenever practical, an alternate date should also be listed. The purpose of the trip and its relation to the course of study shall be stated in the request.

- The principal shall approve or disapprove the request and notify the teacher. If the trip is disapproved, the principal should state the reasons.
- Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.
- Principals shall approve no activities which they consider to be inherently dangerous to students or to pose unacceptable, unmitigated risks.

## UNIFORM COMPLAINT PROCEDURES

The District has established Uniform Complaint Procedures to resolve alleged acts of discrimination, harassment, violence, intimidation, and bullying based on actual or perceived characteristics set forth in Section 422.55 of the Penal Code and EC 220, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics, which apply to all state and federally funded programs. Uniform complaint procedures shall also be used when addressing complaints alleging failure to comply with State and/or federal laws in adult education, consolidated categorical aid programs, migrant education, charging of student fees, for participation in educational activities in public schools, vocational education, child care and development programs, child nutrition programs and special education programs. A complaint must be filed no later than six months from the date the complainant first obtains knowledge of the concern. These uniform procedures require the complainant to submit a written complaint to the Superintendent who will coordinate an investigation and response within 60 days of receipt of the written complaint, unless the complainant agrees in writing to extend the time line. A complainant may appeal the District's decision to the California Department of Education (CDE) by filing a written appeal with 15 days after receiving the District's decision. The CDE may directly intervene in the complaint without waiting for action by the district when one of the conditions listed 5 CCR 4650 exists, including cases in which the district has not taken action within 60 days of the date the complaint was filed with the district. If a district is found to have violated a State or Federal law and/or regulation, and the District does not take corrective action to comply, then various civil remedies may be available. Contact the Superintendent's Office for additional information or assistance.

**Board Policy 1312.3 – Uniform Complaint Procedures** – The Governing Board recognizes the District has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early, informal resolution of complaints whenever possible and appropriate. To resolve complaints which cannot be resolved through such informal process, the Board shall adopt a uniform system of complaint processes specified in 5 CCR 4600–4670 and the accompanying administrative regulations.

The district's uniform complaint procedures (UCP) shall be used to investigate and to resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal laws or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs.
2. Any complaint alleging the occurrence of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) against any person based on his/her actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression, or genetic information; or any other characteristics; identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics in district programs and activities, including, but not limited to, those funded directly by or that receive or benefit from any state financial assistance.
3. Any complaint alleging district violation of the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities.
4. Any complaint alleging that the district has not complied with legal requirements related to the implementation of the local control and accountability plan.
5. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy.
6. Any other complaint as specified in a district policy

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is agreeable to all parties. One type of ADR is mediation, which shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep confidential the identity of the complainant and/or the subject of the complaint, if he/she is different from the complainant, as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to the UCP is included in a UCP complaint, the district shall refer the

non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state law and district policy.

**Non-UCP Complaints** – The following complaints shall not be subject to the district's UCP but shall be referred to the specified agency:

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.
3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.
4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, the district's Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to Sufficiency of textbooks or instructional materials, Emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff or Teacher vacancies and mis-assignments

**Administrative Regulations 1312.3 – Uniform Complaint Procedures** – Except as the Governing Board may otherwise specifically provide in other district policies, these general uniform complaint procedures (UCP) shall be used to investigate and resolve only the complaints specified in BP 1312.3.

**Compliance Officers** – The district designates the individual identified below as the employee responsible for coordinating the district's response to complaints and for complying with state and federal civil rights laws. The individual also serve as the compliance officer specified in AR 5145.3 – Nondiscrimination/Harassment as the responsible employee to handle complaints regarding sex discrimination. The following individual shall receive and coordinate the investigation of complaints and shall ensure district compliance with law:

Deputy Superintendent  
35320 Daggett-Yermo Road  
Yermo, CA 92398  
760-254-2916 ext. 1182

The compliance officer who receives a complaint may assign another compliance officer to investigate the complaint. The compliance officer shall promptly notify the complainant if another compliance officer is designated to investigate the complaint.

In no instance shall a compliance officer be designated to investigate a complaint in which he/she has a bias or conflict of interest that would prohibit him/her from fairly investigating the complaint. Any complaint filed against or implicating a compliance officer may be filed with the Superintendent or designee.

The Superintendent or designee shall ensure that employees designated to investigate complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such designated employees shall include current state and federal laws and regulations governing the program, applicable processes for investigating complaints, including those involving alleged unlawful discrimination, (such as discriminatory harassment, intimidation, or bullying), applicable standards for reaching decisions on complaints, and appropriate corrective measures. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

The compliance officer or, if necessary, any appropriate administrator shall determine whether interim measures are necessary during and pending the results of an investigation. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site principal to implement, if possible, one or more of the interim measures. The interim measures may remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.

**Notifications** – The district’s UCP policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms.

The Superintendent or designee shall annually provide written notification of the district’s uniform complaint procedures, including information regarding unlawful student fees and local control and accountability (LCAP) requirements, to students, employees, parents/guardians, the district advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties.

The annual notification and complete contact information of the compliance officer may be posted on the district web site and, if available, provided through district–supported social media.

The Superintendent or designee shall ensure that all students and parents/guardians, including students and parent/guardians with limited English proficiency, have access to the relevant information provided in the district’s policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district’s policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with Education Code 234.1 and 48986. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints
2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable
3. Advise the complainant of the appeal process, including, if applicable, the complainant’s right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies such as the U.S. Department of Education’s Office for Civil Rights (OCR) in cases involving unlawful discrimination (such as discriminatory harassment, intimidation, or bullying).
4. Include statements that:
  - a. The district has the primarily responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
  - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
  - c. A complaint alleging retaliation, or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtains knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.
  - d. A student enrolled in a public school shall not be required to pay a fee for his/her participation in an educational activity that constitutes an integral fundamental part of the district’s educational program, including curricular and extracurricular activities.
  - e. The Board is required to adopt and annually update the local control and accountability plan (LCAP), in a manner that includes meaningful engagement of parents/guardians, students, and other stakeholders in the development and/or review of the LCAP.
  - f. The complainant has a right to appeal the district’s decision to the CDE by filing a written appeal within 15 days of receiving the district’s decision.
  - g. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district’s decision.
  - h. Copies of the district’s uniform complaint procedures are available free of charge.

**District Responsibilities** – All UCP related complaints shall be investigated and resolved within 60 calendar days of the district’s receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.

The compliance officer shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the compliance officer shall keep all complaints or allegations of retaliation, unlawful discrimination, (such as discriminatory harassment, intimidation, or bullying) confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing.

**Filing of Complaint** –The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in accordance with the following:

1. A written complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs may be filed by any individual public agency, or organization.
2. Any complaint alleging noncompliance with law regarding the prohibition against requiring students to pay student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred.
3. A complaint alleging unlawful discrimination, (such as discriminatory harassment, intimidation, or bullying), may be filed only by a person who alleges that he/she personally suffered the unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.
4. When a complaint alleging unlawful discrimination or (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant or alleged victim of unlawful discrimination or (such as discriminatory harassment, intimidation, or bullying) requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.
6. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint.

**Mediation** – Within three business days after the compliance officer receives the complaint, he/she may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation, unlawful discrimination, or (such as discriminatory harassment, intimidation, or bullying) the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed to through the mediation. If mediation is unsuccessful the district shall then continue with subsequent steps specified in this administrative regulation.

**Investigation of Complaint** – Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or his/her representative with the opportunity to present the information contained in complaint to the compliance officer and shall notify the complainant and/or his/her representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. He/she shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably

accessible location where the relevant actions are alleged to have taken place. To investigate a complaint alleging retaliation, unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant.

The compliance officer shall apply a "preponderance of the evidence" standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

**Report of Findings** – Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in the section "Final Written Decision" below, within 60 calendar days of the district's receipt of the complaint.

**Final Written Decision** – The district's decision on how it will resolve the complaint shall be in writing and shall be sent to the complainant.

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties that may be involved in implementing the decision or affected by the complaint, as long as the privacy of the parties is protected.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For all complaints, the decision shall include:

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
  - a. Statements made by witnesses
  - b. The relative credibility of the individuals involved

3. Disposition of the complaint
4. Rationale for such disposition  
For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following.

- a. How the misconduct affected one or more students' education
  - b. The type, frequency, and duration of the misconduct
  - c. The relationship between the alleged victim(s) and offender(s)
  - d. The number of persons engaged in the conduct and at whom the conduct was directed
  - e. The size of the school, location of the incidents, and context in which they occurred
  - f. Other incidents at the school involving different individuals
5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education 49013 and 5 CCR 4600 Notice of the complainant's right to appeal the district's decision within 15 days to the CDE and procedures to be followed for initiating such an appeal

2. Individual remedies offered or provided to the subject of the complaint
3. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence
6. Notice of the complainant's right to appeal the district's decision within 15 calendar days to the CDE and procedures to be followed for initiating such an appeal

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. He/she may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE.
2. The 60 days' moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law.
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at [www.ed.gov/ocr](http://www.ed.gov/ocr) within 180 days of the alleged discrimination.

**Corrective Actions** – When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies, training for faculty, staff, and students, updates to school policies, or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation or bullying), appropriate corrective actions that focus on the victim may include, but are not limited to, the following:

2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

For complaints involving retaliation, unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education.

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint.

**Appeals to the California Department of Education** – Any complainant who is dissatisfied with the district's final written decision may appeal in writing with California Department of Education within fifteen (15) calendar days of receiving the district's decision.

The complainant shall specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and the district's decision.

7. Other relevant information requested by the CDE

## **VOLUNTEERS**

**Volunteers** – The Governing Board encourages parents/guardians and other members of the community to share their time, knowledge and abilities with our students. Community volunteers in our schools enrich the educational program and strengthen our schools' relationships with homes, businesses, public agencies and private institutions. By their presence in the classroom and on school grounds, volunteers may also enhance supervision of students and contribute to school safety.

Facilities project volunteers may work on short-term facility projects pursuant to Governing Board policy.

The District has the right to limit and/or eliminate the services of any parent volunteer.

All volunteers in the classroom, on the playground, on field trips or any other school related venture must be on the district-approved list located in the school office. All volunteers must have a volunteer application, fingerprint clearance and current tuberculosis clearance on file in the district office.

**Volunteer Procedure** – The Volunteer will obtain and fill out an application from the School office and attach a current TB test or a TB Risk and Assessment form, signed by their physician, which is no more than 4 years old. Volunteers can obtain the Risk and Assessment form from any school office. If the volunteer is planning to volunteer for more than one site, they must have the Principal sign from each site. Once we receive the completed application packet, we will call the volunteer and schedule an appointment for fingerprinting at the District Office. Volunteer fingerprinting is done at the expense of the district. We must have the complete application packet before we can schedule an appointment for fingerprints.

If an approved volunteer would like to continue to volunteer subsequent years, they need only fill out an application (as long as their TB or Risk Assessment is current). A volunteer will stay on the Department of Justice listing until the district purges them from the system.

If you would like more information regarding volunteers, please contact the Silver Valley Unified School District Human Resources Department at (760) 254-2916 ext. 1182, or your child's school office.
